Charlotte's Web Craft: Paper Plate Spiders

Materials Needed:
- ✓ Paper plate, Colored paper (same as color you'll use for the paper plate), Scissors, Glue or tape, Markers, crayons, or paint, Googly eyes (optional), String

Steps:
1. Cut out 8 strips of construction paper

2. Color or paint the paper plate any color you want

3. If you have googly eyes, great! Put however many you want on the spider

4. If you don't have goggly eyes, you can color or paint however many eyes you would like onto the spider.

5. Then tape or glue the strips of paper on for legs

6. You can hang from a string to make an illusion of a web

<u>Additional Skill Practice:</u>
Here are some additional skills you can work on with your kiddo related to this craft:

- Art, colors, pretend play,
