

Dream Catcher

Materials Needed:

- ✓ paper plate
- ✓ paint
- ✓ paintbrushes
- ✓ hole punch
- ✓ beads
- ✓ craft feathers
- ✓ yarn
- ✓ plastic sewing needle (optional)
- ✓ tape

Steps:

1. Cut the center out of your paper plate, leaving only the rim to work with.

2. Paint the paper plate using your favorite color(s).

3. Decorate it however you want.
4. When the paint dry, punch holes all around the rim of the plate.

5. Cut a long length of yarn, and tape it to the back of the plate.

6. Weave the yarn in and out of the holes, criss crossing over the open center of the plate, and threading beads on to the yarn wherever you wish.

7. Secure the loose end of yarn to the back of the plate with another piece of tape.

8. Cut several pieces of yarn in varying lengths.

9. Tape these to the back of the plate, allowing them to dangle freely.

10. String a few beads onto these pieces of yarn, and knot them in place, leaving a length of tail.

11. Glue a few feathers to the tails of yarn

12. Tape a loop of yarn to the top for hanging

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Creativity
- Color recognition
- Motor skills
