

## Paper Plate Car Craft

### Materials Needed:

- ✓ Paint
- ✓ Paper plate
- ✓ Scissors
- ✓ Glue
- ✓ Paint brush
- ✓ Yellow and black paper

### Steps:

1. Cut a paper plate in half.
2. Paint the paper plate half with any color paint. Let dry.
3. While the paint is drying, cut out two small yellow circles, two medium black circles, and two yellow rectangles.
4. Glue a yellow circle onto each black circle.
5. Glue the yellow rectangles onto the paper plate for the windows.
6. Glue on the black and yellow circles for wheels.

### Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Identify colors and shapes.
- Counting – how many wheels/windows does the car have?
