Finding Nemo Handprint Art

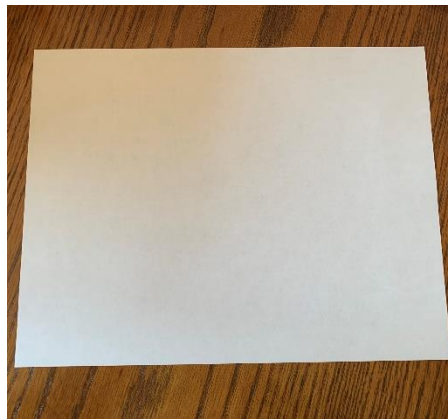

Materials Needed:

- ✓ Blank piece of paper
- ✓ Markers
- ✓ Googly Eye (or black marker to draw an eye)
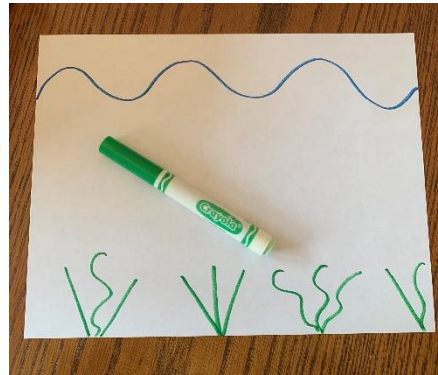

Steps:

1. Put your blank piece of paper in front of you. Make sure it is laying horizontal (long way).

2. Use a blue marker to draw a wavy line at the top of the paper.

3. At the bottom of the paper, use a green marker to draw seaweed. You can draw all kinds of lines (wavy or straight) that go up and down!

4. Turn your paper so it is sideways and place your hand in the middle of the paper.

5. Use an orange marker to trace your hand.

6. Color in your hand.

7. Put a dot of glue onto the back of the googly eye. Put the google eye onto the front of your handprint. You can also use a black marker to draw a circle as an eye.

9. Use a black marker to draw stripes up and down. You can add as many stripes as you want!

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Write your name and the date on the back of your art
- Color identification – identify colors used in the craft
- Fine Motor – Coloring
- Counting – have your child count the number of stripes they add to their Nemo craft
