

Make An Alligator

Materials Needed:

- ✓ Glue
- ✓ Googly eyes (or painted eyes)
- ✓ Green/White/Red paint
- ✓ Scissors (preferably zigzag scissors)
- ✓ Paper towel tube

Steps:

1. Cut the paper towel tube in 3/4.

2. Use Zigzag scissors (or make waves with normal scissors) to cut out a triangle for the mouth of the larger piece of paper towel tube.

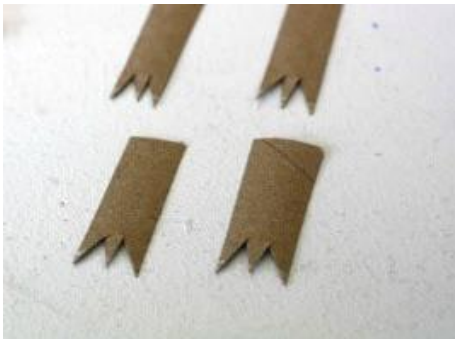

3. Cut a square out of the opposite side of the tube for the tail.

4. Cut the smaller half of the paper towel tube into 4 rectangles.

5. Use scissors to cut out two triangles on one end of each rectangle for the feet.

6. Paint feet and body green.

7. Paint teeth white.

8. Put glue on smooth side of each foot.

9. Glue feet to bottom of the alligator body.

10. Add googly eyes or paint eyes on top near mouth.

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Color identification
- Expressive/ receptive identification
