

Easter Bunny Ears

Materials Needed:

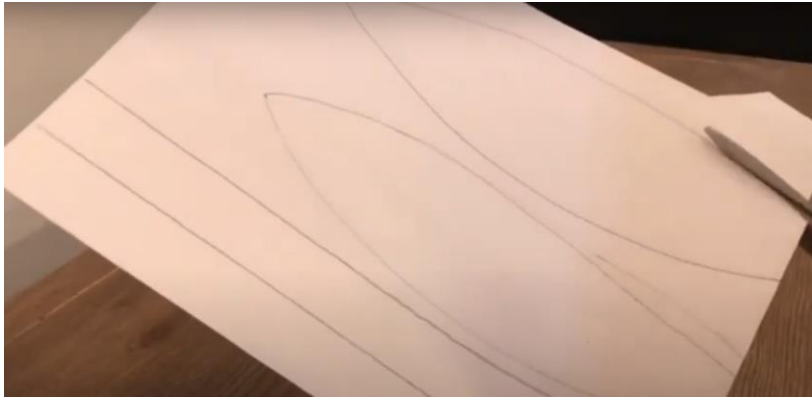

- ✓ White paper
- ✓ Pink paper
- ✓ Glue
- ✓ Scissors
- ✓ Ruler
- ✓ Pencil

Steps:

1. Take two pieces of white paper and place them on top of each other. Draw two evenly spaced lines along the long side (for the headband). Then draw two bunny ear shapes.

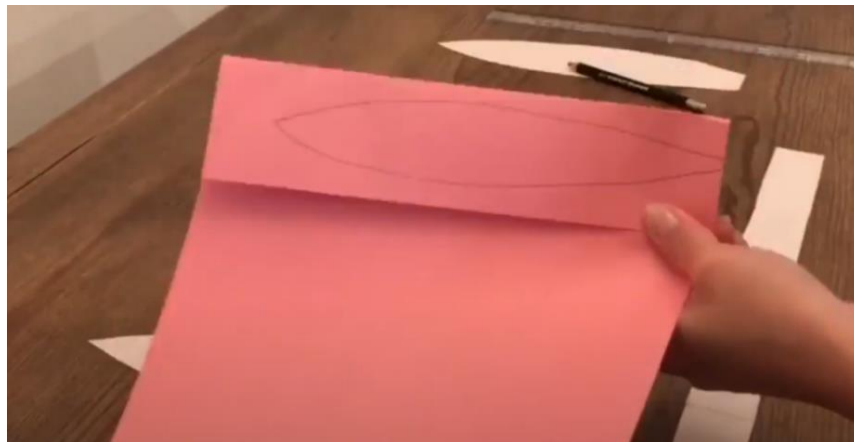

2. Cut out the bunny ear shapes and the two lines.

3. Apply glue to one end of the white strip and connect it to the other strip.

4. Fold the pink paper and draw a smaller bunny ear shape. Cut out the shape to give you two pieces for the ears.

5. Glue the pink shapes inside the large white ears.

6. Glue the ears to the inside of the long white strip.

7. Add glue to one end of the strip and connect it to make a circle.

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Movement – hop like a rabbit
- Expressive identification – what animal does our hat look like?
- Body labels – show me the *bunny's* ears. Now show me *your* ears.
