

Sensory Bag

Materials Needed:

- ✓ Glitter/decorations (stars, beads, pompoms, etc)
- ✓ Baby oil
- ✓ Water
- ✓ Food dye
- ✓ Large Ziploc bag
- ✓ Tape

Steps:

1. Take large Ziploc bag and open to fill with ½ cup of oil.

2. Add food coloring to 2 cups of water. Add water mixture to bag.

3. Add glitter and decorations.

4. Seal Ziploc bag. Be careful not to spill!

5. Lay down flat and tape seal closed.

6. Lay down flat and play!

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Color identification – what colors did you use in your sensory bag?
- Tracing – trace letters and numbers into your bag!
- Size – Find the largest and smallest bubbles in your bag!
