

Paper Plate Self Portrait:

Materials Needed:

- ✓ Paper plate
- ✓ Markers/crayons/colored pencils
- ✓ Construction Paper
- ✓ Scissors
- ✓ Tape
- ✓ Optional: string, googly eyes, pipe cleaners, glue

Steps:

1. Color your paper plate your favorite color or the color of your skin
2. Draw on your eyes, nose, and mouth
3. Draw on your hair
4. Optional: substitute drawing with string, googly eyes, or pipe cleaners to add facial features to your face!

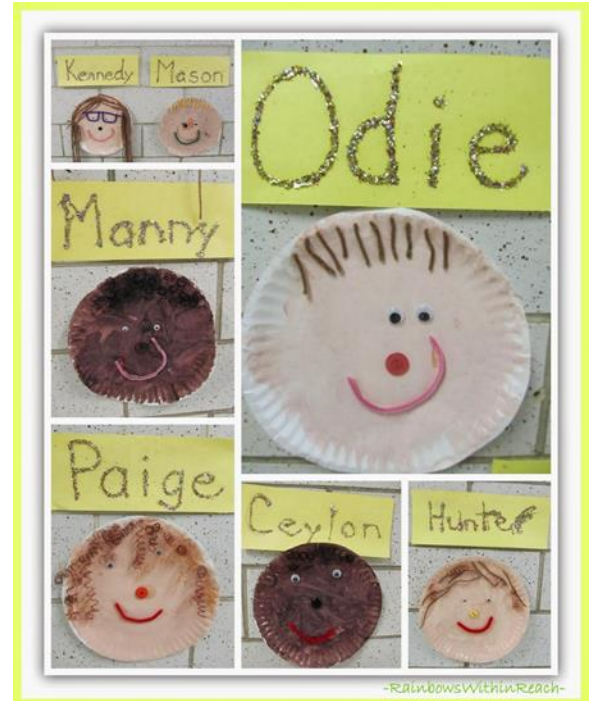

5. Add any additional features: freckles, glasses, dimples, etc. to make your portrait more you

6. Cut a piece of construction paper into a rectangle
7. Write your name on the paper

8. Tape everyone's portrait and name to the wall and do an art walk!

Additional Skill Practice:

Here are some additional skills you can work on with your kiddo related to this craft:

- Identify similarities and difference between the portraits
- Letter ID: find which letter appear in one name, some names, or all names
- ID facial features on the drawing and on your own face
